

## Item description/product images

for electricians

## Description

## Material:

Housing Form A plastic.

Housing Form B die-cast zinc alloy. Active face POM.

Housing Form C high-alloy stainless steel

## Version:

Voltage:  $U = 10 - 30 \text{ V DC}$ 

Function: Normally open

Switch type: PNP

Mounting type: flush

Security type: IP 67

## Note:

Non-contact, functions wear-free with high switching frequency and accuracy.  
Non-sensitive to vibrations, dust and moisture. Inductive sensors record all metals without contact.

Form C enables screw fastening in a T-slot. Is safe and saves space as the proximity switch lays flush in the slot.

Short-circuit proof and reverse-polarity protected.

## Temperature range:

 $-25 \text{ }^{\circ}\text{C}$  to  $+70 \text{ }^{\circ}\text{C}$ 

## Safety:

This product is not suited as a sensor for the personal protection.

## Drawing reference:

1) LED-indicator

BN = brown

BK = black

BU = blue
