

Item description/product images

Description

Material:

Guide bushes low carbon steel 1.7139 or bronze.

Version:

Steel case-hardened.

Note:

The steel or bronze guide bushes are components that can be used in tool and die making. The guide bushes are characterised by their precision, durability and easy assembly. These bushes are designed without a centring collar to ensure maximum flexibility in use.

The steel or bronze guide bushes are components that can be used in tool and die making and are characterised by outstanding quality, precision and reliability. The guide bushes are designed without a centring collar and offer a precise diameter that ensures easy assembly and a secure, tight fit.

Possible combinations of the various standard parts

Drawings
